CrimsonI can verify that Halo38 has posted from SEVERAL ips (probably dynamic), but his IPs have never crossed Carbon Kid's.

The different IP's are from our home computer's his different flats at University, proberbly the Brunel university in London and our old home In Essex (that place rocks).

As for Carbon-Kid and ThinkHarder, they live in Manchester about 150 Miles from us and untill this day we havent met. Even tho ThinkHarder is nice enough to host my site for me and help me with any problems i come accross.
