Sir PhoenixxWilost0rmso this is all i have to say and i end it here.

So you were just lying when you said that right?

[qutoe="MeXadiaz"]That's not even funny, and reading half the flames on this thread was a $@#$ waste of my time, he's not asking for flames from bastards that like to ruin threads, he's only announcing what he's available to help you with, so if you don't like it and want to diss him for what is the past,

You obviously lack the ability to read...

He stated he was the "TOP MODDER".

This was why he got the flak that he did, and the fact that he said he was the "TOP MODDER" because a couple of his little buddies said he was.

"I'm better than everyone!"
"Why do you say that???"
"Just because a few buddies of mine said I was!"[/quote]

So you have to flame his ass off because he hasn't been here for awhile an dlast time he was here he might of been one of the best? That's not very friendly like in my opinion and to me would be considered a flame.
