K9TrooperKIRBY098eggmacKirby, wasn't there an official 'Kirby's farewell-thread' on the old forums?

Tell you what smartass, if you can post a link to it, I will honor it.

LOL, the forums without Kirby is like France without hypocrisy. Never will the two seperate. You may try and leave, but you will get sucked right back in.

Or French tanks, without a reverse gear, and complimentary white flag.....
