B.N.Chey hey, I used to make some texts like that. However I can't post them here just because they are in my language and translating them would take me a pretty few months. But... flooded - Great job indeed!!

Well put them in your language and we will use a text ranslator, (ignoring bad translation of course).

As for the little secret, yeh it is a massive guide, a lot of information (11 pages when saved to ms word ). I knew most of it but it's great for any new people and it's always good to have things like this as reference to hand over to any new player who asks for help
