Okay, I believe in God, the Bible, Apocrypha, and the Book of Enoch. I beliceve the writings were written by men who were moved by the holy spirit. But I don't believe in this "Bible code."

And if the world ends in 2012, so be it. All I know is I'll be outta here by the time the world ends, whether it's in 10 years, 100 or 100 years, or even tommorow or tonight. I'll be joined with my fellow brothers and sisters in Christ .
