AircraftkillerIt is a conscious choice to choose whether or not you want to be gay. I could walk up to a gay man and ask him to fuck me in the ass if I really wanted to do so.

All that keeps me from doing it is that I don't want to be fucked in the ass by anyone, especially not a gay man.

You could do that all you want, but you'd never be gay. (I shudder at the thought)

Gender is not a 2 option thing. Its a scale.

Man - woman and anywhere in between middle, or near would be gay.

You ARE born like that. And it can even be corrected in some cases. But the homosexuality doesn't show untill you are older.
