GSA has some really cool, and good players, but the [gse] clan must be the scourge of GSA.

For those who didn't know, they talk shit wherever they go, and whatever they do.

It is to be expected from any [gse].

And it is common sense not to rudely announce to the owner of a server that they got "ownt", with ownt not being a word.

And for anyone, esp. any [gse] who wants to disagree with me at all...
