You know what would really work, If ACK released a map, but used a different name. Titan would say:

Quote:This is way better than one of ACK's sh*tty maps

Then ACK would say:

Quote:I did make it you moron, well this exposes the truth, you cant tell sh*t work from good work any more than you can tell your head from your *ss, no wonder your maps suck so much

Would he ever actually do it though?
