AlkalineProblems:

-Flag does not display properly, instead of the flag wee see a yellow security card.

-No automessage works, e.g. when nod flag is taken, when it is dropped.

-Vheicles are enabled? I played on Blackcell Ctf, they were off...

Actually.... For the 1st game The flag doesnt appear but after the next map it does. Automessage doesnt work but its still fun to play. Vehics dont work on the second map either.
