Subject: yet another script problem
Posted by Titan1x77 on Sun, 16 Mar 2003 17:36:23 GMT

i have the custom scripts installed and when i host a server they work for me only....even if others have the script it wont work for them??

Im using the stealth script as a preset for a spawner and it wont work for everyone.....will this be fixed in version 1.1 or is this a problme that can't be fixed
