EvoSnipewhoa, u guys have no life, as for k9, nice revising on my post, it looks nothing like the original!

btw i dont have bh, im just good and k9 should know! hehe

as 4 the pity post, well, i just want to go sumwhere else, dudes, this site is lame with the fags all of you are about 13-15, no gf, no life outside of renny, plus even thugh u play the game nonstop, u r STILL no match 4 me!

lemme break down the true story 4 yall

so queers, fags, fudgepackers, habitual masturbaters, and k9, (oh wait, he fits under all 4 categories!) pull up a seat and listen to the real story:

i was playing on EoE AOW server, on C&C Field map, one of my favorite sniping maps, i get a bh sniper, and head for the tunnels. Apparently, this one guy named Shrakk or sumthing kept coming into my turf with Havocs, Deadeyes, and such trying to end my reign of terror on the tunnels needless to say, time and time again he was put in his place when finally he made his accusation, "you cheat! 22 kills, 0 deaths, u got BH! post a ss now!" i replied, "i dont cheat! and wat is this ss ure talking about?" he said, "post a screenshot now!" i replied again, "how do i post a screenshot?"

i waited and waited in the tib ref for a reply but he did not answer

i thought the subject was closed, so being the last 3 mins of the game i headed into the tunnels for sum last minute boinkage

as soon as i step in, BAM i am banned

there was mostly basic infantry in tunnels, my score was pretty low, and our team had the tunnels, not to mention every time my life got below 200, i refilled (so havocs wouldnt one-shot kill me)

after this episode i tracked down there forums and requested a lift on my ban if i posted a "screenie" well, these jackasses turned their noses up at me and "closed the topic" on me without hearing my story

one guy said "Well he is good one day and sux the next!" well i explained that my brother likes to play on my name, and i dont mind, its a game

well i was as nice as i could be in their forums until some "low blows" began to be posted about me, and im no puss

if i saw these guys in real life, well, omg u would be in the hospital and that is a promise!

u guys are sheep, u see one guy post shit about me, and u all follow to "be cool" i guess

well i came to these forums to join a klan, make some buds on renny, and get some answers to some questions i have

as for my bro playing on my name, why do u think i changed it to EvoKrunk? this is an exclusive, all-me name noone else uses

u guys are really ridiculous, i have serious posts here that if you dont have a serious reply to, dont bother posting!

if u dont like me, well too bad! quit bugging me then! leave my serious posts alone so others can reply!

Fuck you pussys,

EvoKrunk

I hope your not also talking to me, because i have a life...etc... - besides i never did anything to hurt you.
