Yes, Britain is the bestest country you could ever call a rat infested stink hole. The British people though, hmmm... They rock too!

I like my cheddar and stilton and tea and crumpets and Benny Hill and UCAS and London and the M25 and Woolworths and Sainsburys and Bournville choccy and strawberries and cream and most of all I love the pubs!

EVERYONE COME TO BRITAIN WHERE IT'S ALL RAINY AND HAPPY!!!
DANCE!
