lol a lot of you guys go to church schools

My schools "new" site just as sucky as the last, teh sad part is, we are THE FIRST complely wireless school district in the nation and one of the first in the world (as there are wires EVERYWERE in teh cieling, you can walk from one builiding to the other end and never loose access with the very HIGH speed internet, we have 30 dell labtops in everyroom, and NO chalkboards for us, we have smart boards. I dont know how to explain them but they are plugged into a computer and everything that is on the computer is shown on the screen its complely flat and takes up most of the wall so its a HUGE screen, and you touch it with yoru hands to do stuff so its like a big touch screen THIS IS ALL A PUBLIC SCHOOL WE WON A GRANT), and we still have a shity site.

click schools and then carlisle high school for mine and u can see pics of some of it.
