warrantoheh.. I think someones upset!

Quote:I can't fucking belive EA give this power hunger whore the official website. whatever, people hate her enough to release cheats under her name, so she can do whatever the hell she wants with he stupid ass community. ITS NOT THE RENEGADE COMMUNITY, ITS CRAMSON"S community.

Power hungry? How?

As far as it is, only a select few (if not just one) release a cheat in her name, as well as many other people. Msgtpain, Aircraftkiller, and a few others all had their names involved. Don't see how this all leads to Crimson being power hungry...

And so far, she hasn't "done what she's wanted" regarding the community, OR this forum. Once again, the number of people on this forum who have problems with her, continue to have the ability to post here.

Though I think saying Crimson owns the Renegade community is a large compliment to her activeness in it!

Of course she's power hungry. She snatched up these forums as soon as WS died and now she has the ability to remotely control many servers with RenGuard, although most are empty. As if that isn't enough, she tried to expand into other games, not so sure how that went...I'm sure that was to "help the community" too. :rolleyes:

On a side note, good job to the rest of you...
