pvtschlagNFD has made an attack tonight that did not fulfill our hopes of what we thought this organization would do.

We realize the mistake we have made and it will not occur again.

We originally intended this to be something that gets rid of people who think negative about everything. And the reason Alkaline was targeted is because of the negativity he has brought on. And if you think "fucktard" is considered to be a flaming word then you are wrong this is simply what we call people who are fucking retarded such as Alkaline and Scrumfy.

If you are still wondering our purpose here then wait and see what comes out of us in the future and please don't think this will happen again.

A group dedicated to flaming negative people. How ironic! Tell me, when you're insulting someone, do you think positively?
