You, Ack, see it as a failure, I don't. Modern Warfare is still working towards a beta, just not for Renegade. We're still here and working on the mod. We haven't failed at all because our promise is still unbroken.

AAK, we may leave NOVA, but we need somewhere to go, and time to think about it. I'm not just going to pack up and leave in an hour.

Thanks for the support, IRON-FART, we're working on getting tanks and such in MP mode. The expansion pack will incorporate vehicles into MP also.
