maytridyReally, I stopped working on it? That's odd...because last time I checked, I was working on it... :rolleyes:

Besides, I wouldn't post a fucking barrel on the Ren public forums for god's sake. At the MOST I would post news on my own website.

But congratulations to you, your barrel looks very pretty.

1. You stopped working on it, since you admitted you did almost no work.
 2. I'm not you.
 3. I'm not you.
