cough moron *cough* opps did i say that?

Mabey if you were a good sniper you could be of use to your team, thats the reason most of the "snipen" population does not snipe in games, they point whore tanks with there n00bjets, instead of being usefull and killing 35+ engi's, sbh plantin nukes, and other random infantry attacking base not tanks. you would no nothing about this probably though.
