Shame on you deadaim, people work hard on things and you ruin the suprise. And for Kirby your proolly going to go down this same road as Deadaim, you always asked for betas. Every mod site's froums I've been to there is always a topic called "GIMME BETA!" by Kirby. And if you ever get a beta, which i doubt, you'll proolly leak it just like Deadaim.
