Subject: Bug fixes idea...
Posted by Tesla7zap on Wed, 02 Jun 2004 15:54:54 GMT

I read about that core patch and I have some bugs i wanted to report.. no major bugs tho.

When hosting a game you dont need to reload the auto pistol, but when u join, u have too. Very annoying when you're an engineer on walls.

And when you die on a joined game and press F2 to chat, the chat window disappears when you respawn...

so there u go... :rolleyes:
