dethnfireI don't know why and I can't explain it, but I'd rather take the 1000 cred snipers. I can understand the advantages of a 500 cred sniper, but for some reason you feel more confident and fast paced because it can kill any unit in two shots at the most. With a black hand sniper they have more chance of escaping, especially in something like Field in the tunnels...

yea but, if you aim for the head then you have nothing to worry about, seeing as how the only advantage an Havoc has is the 2 shot kill.
