EXdeath7Sir PhoenixxThen shut up and learn how to read.

(Misinterpretation? How is it possible to interpret "The Destroyer will be redone..." as "The Gunboat is being redone again..."?)

oh sorry I didnt know you Thought so highly of yourself.

What does your apparent inability to read have to do with "getting a life", or how I think of myself? Why don't you stop pulling random crap out of nowhere.

(Wait, who's the one who needs a life? You're the child who can't shut up about something this stupid and accept the fact that you're wrong.)
