The whole point of this thread is that my brother didn't know why the pits wasn't running RG, just that he likes to play in a cheat-free game and that the Pits wasn't running it. He also knows how cheaters like to make up all kinds of excuses as to why they can't use RenGuard. He doesn't give a damn about stupid politics and he didn't know that there was a good reason for it to not be running on the pits. A reason I respect and understand. My brother isn't a member of BHS nor does he care about anything further than playing and not playing with cheaters, ACK didn't know the conversation started out from making fun of the Pits, and therefore it's all just a huge misunderstanding that was blown out of proportion either when Jarhead made "RenGuard" a swear word or when I posted on the admins forum that I thought it was over the line to do so... take your pick.
