Subject: The Pits allows cheaters on their server?
Posted by BeastieJ on Mon, 28 Jun 2004 19:47:55 GMT

All things aside, personifying an anti-cheat program is pretty funny by saying it would keep your wallet if it found it... (and Chernobyl too, though I hate to humorize that sort of tragedy lol).

Before WW3 starts, get a feel for others' points of view and take a step back for a moment. (*hands Patonite a bottle of JD*   )
