icedog90kaboomer23he dint i think he siad he made them :

He didn't make them, he downloaded the assets before they were removed from the Westood FTP.

Somebody who has them, could you be kind enough to upload them to an FTP?

BabyCatjuhhIf only someone could make a Renegade 2 mod..

There is one, and it sucks.

Yeah I know that one.. but I mean a REAL mod, like new chars, buildings and stuff. not that .pkg file.
