Quote:the army excepted the idea and bought 300 of the humvee and put 200 in recon and 290 in active service

How does that work?

They have 300. You put 200 in Recon

```
300
- 200
-----
100
```

Then they put 290 more in active service?

```
100
- 290
-----
-190
```

Did they buy 300, then breed them into 490 humvees then spread them out?
