Well, this is kinda off topic but can some people give me web hosts links for free hosting-$7 hosting or just a webhost directory to choose from. I will be making a CNC Renegade fansite, with a clan, collections of mods, audio clips, music, and "good" glitches. to name a few.

-Best regards from Rikkye-

Damn... I bet Fr0zen would have hosted you for free Cowmisfit and Fr0zen are pretty nice they are hosting us for free as long as we have a button on our site, and his prices are really cheap. So when you have to renew don't, come to http://www.fr0zenhost.com .

Edit Had to add a comma

I recommend http://www.valcatohosting.com - I've got 3 accounts with them now and they're an excelent host. CNC Community is hosted with them so ask around for the downtime it's had (almost none).
They've upgraded their cpanel so the version quoted on their website is slightly out.

Seeing as how its comunism you could be ravagly raped in the asshole, shot, killed, your family made to do things agaisnt there will (IE raped, kill, be killed) many other horrible things.

Being poor is not the worst thing that can happen to you.

THIS IS NOT A POLITCAL DEBATE NO ONE POST ANYMORE ABOUT THIS COMMUNISM THING PM ME IF YOU HAVE A COMMENT
