Plugging your website under a different nick name. You won't get away with it.

What the hell do you mean i forgot to change accounts? I only have this one. Evanscnc is NOT, and i repeat NOT me. I know him, but it is not me. He posted here, and i told him not to, i dont know why he did it. He did it on his own will. So how about you shut the hell up. And Renegade-ops is my website, not his. He happens to work on it, but it is NOT his and never will be his. I was just telling you guys that the files are back up now, so download away! Ass. :rolleyes:
