They have done an equally good job at deleting complaining posts as well. As for the spam, how do you know its them... it could be other happy customers.

That is a lot of money for someone to just stop talking to you and not put your server up. I think Zunnie mate you should get everyone to p*ss them off until they talk to you.

Well some of the "FUCKING KLANHOST FUCKS YOU UP KISS MY FUCKING ASS" topics were started by someone called -SoQhawk14- He's one of their clanmembers, so he/they did it..

Well, i ve been doing some investigating about the place where my 'friend' dave lives.

I got his details so far, i know where he lives now, i know his phone number, i even know his bank account number and international transfer ID.

Im gonna gather all this stuff for the police and my lawyer.

This is really really not the last thing they hear from me. They are so gonna be screwed back by me. They probably done it before to others who didnt do nothing about it. But, they picked the wrong guy to fuck with now. I AM getting a lawyer and stuff and they are gonna pay bigtime sooner or later!

Make sure you have the lawyer send a C&D letter before going into an all out lawsuit. See if he'll be scared and give your money back.

Sue that asshole crook. Get your money back!

If I was you, I wouldn't hesitate for a second.

Shutdown that scam he's running!

If he did that to me and got away with it, I would do everything I could to make that loser's life hell. Legal or not.

Not sure why everyone is laughing at Zunnie. Do a conversion to see how much 203 Euro's is worth if you are from another country. It's a lot of money to get cheated out of...

Proper action needs to be taken.

I got myself into something similar before, while Renegade Alert was being hosted by Arm-Ent, lost CDN\$80, what happened?: Got a deal with Vlad, cancelled the deal a day after, didn't received any services, request money back, new deal, Arm-Ent closes its doors, Vlad refuses to give me the money. And everytime I bring it back, he says: Dude, that was long ago! Arm-Ent's closed now! FORGET IT! I doubt that I'll ever see that money again...:\
