loser99hey is Gun Slinger Girl any good anime?

Can't you tell by watching the 700K video in the signature?

I don't like it either, but it's not my site. There was a thread on the n00bstories forums about it six months ago, it's probably still going on

n00bstories is not an unbiased organization. Nor is it an official Renegade organization. n00bstories itself is a fansite dedicated to a specific aspect of the game and is privately owned. Crimson can put whatever the fuck she wants to on HER site because SHE pays for it.

If you're that petty as to not visit a site because of a little tag that says "Bush Cheney" (despite my

otherwise obvious opinions of their capabilities, if you can call it that), then you lack discipline anyway.

loser99wtf is this, are you kidding me? that site is evil

Fascist.

No, That's not an unfounded insult.

Let us explore this idea, hmm?

1.) You don't think Crimson should be allowed to express her opinion in an unobtrusive, ever so slight way on a website she pays to host, for your pleasure, at no cost to you.

2.)

Quote:fas·cism
n.

1. often Fascism

1. A system of government marked by centralization of authority under a dictator, stringent socioeconomic controls, suppression of the opposition through terror and censorship, and typically a policy of belligerent nationalism and racism.

3.) You are a fascist.

I'm sorry, but we JUST sold our last "pwn". You'll have to settle for "Fascist retard."

cokemasterI just block that image

I think it's rather pathetic and petty that you can't even stomach the appearance of a campaign image that contrasts with your views.

Doesn't affect anyone else but myself. Call it pathetic and petty all you want but its my browser, my computer thats viewing it... just like its your website thats hosting it.

I didn't care much seeing a Bush logo on the sidebar of n00bstories, just like I didn't care much about seeing a Kerry logo in Superflyingliberals signature.

Doesn't hurt anyone and actually saves a whee bit of loading time as well, because it doesn't have to load those images,
