There's nothing on this in the topic there about it; was it on IRC or something?

I told everyone last month that posting "well i want darkblade to do it so that sux cuz i liek teh darkbald work betor" garbage will not be tolerated. You're an idiot anyway, just gave me a good reason to get rid of you for 30 days.

Maybe you'll stop being retarded before 30 days is up.

So you banned him because he prefers someone elses work to yours?

Anyway if "I prefered the old medium tank, where's Darkblade?" is all he said he didn't actually say Darkblads work is better and didn't say he wants Darkblade to do it.

Why did you just ask a question about something I already answered?

He got banned for being an ass on our forum, plain and simple. He violated rules many times, was given literally 10+ chances to change himself, and he refused. Since the dipshit won't listen to words maybe he'll listen to being suspended for 30 days.

I hope you weren't measuring him against the standards of "being an ass" that you apply to mIRC, in which case it was completely unwarranted.

However, it's your forums, so you can be as irrelevant as you want to be.

Aircraftkillern00bstories IRC has nothing to do with the RA forums.

So you hire someone to pretend to be you on mIRC, or does it have something to do with multiple dimensions of the universe?

I just figured out why ACK and Renardin don't get along! Aside from the whole "Reborn Sucks!" deal.

They both have egos the size of the Moon.

I have a warning of 20%, maybe you could have reflected that better? You know, by actually letting me know I was a jackass so I could have done something about it. :rolleyes:
