I want you to tell the President that you think Hershey is spelled "Hearshy" and take a picture of the reaction he gives you.

I will so laugh my ass off if he tells you "No child left behind didn't work for you, I see."

If we are talking about "President" Bush I don't think the guy would notice, would probably just shake his hand and say "Stay in school!"

Plus why would anyone want to see Bush speak, it's like trying to read cowmisfit's writing/typing.

There is no way he will come to Illinois.

If Chicago was not allowed to vote, Illinois would go 99% Republican.

We don't like your current administration, we don't like what you've tried to do to our economy, it's a fact.

Oh, and Glyde, our youth is full of shit, because watching the news and understanding the news isn't something "cool" or "normal" to do, instead they'd rather wear sex bracelets and listen to shitty MIDIs placed on their cellphones.

Honestly, what the fuck? How can some people confuse Afghanistan with Iraq?

Oh wait, Bush and Kerry did...

Yeah...and by the time that they can vote, Bush won't be in office, even if he is voted for a second term. There's a little thing called citizenship.

30,000 + Bush Supporters, 10 - 15 Kerry Supports with no clothes having butt sex in the parking lot, priceless. They took off there clothes and got on top of each other to protest the abuse of prisinors in iraq. A liberal walked by with a sign that said and i quote, "Liberol Voter" now i spell bad, but if im putting something on a sign i would make damn sure its right. He must have been the child left behind. The way he came in was F**king awsome 3 military chinooks landed outside

the stadium with the limmos and such on them then 2 presidential coppters landed with him I'll be posting pictures as soon as i get them devoloped. I loved every minute of it, he made a terrific speach. My throaht hurts though from screaming at protesters and cheering.
