AprimeGo figure.

Aprime your current signature is 1MB big, not to say anything about the content.

icedog90It loads instantly for me.

Ditto

Tubb , use the private messages function or mIRC from now on please , this is totally useless.
Thanks for the spam post

Roughly 55% of America is on dial-up, so it doesn't matter weather it loads for you quickly or not,
what matters is that it isn't dial-up friendly.

icedog90Then why do you have it?

Weirdo is the only one who's complained about it.

Here's my dial-up friendly version, and to be honest I don't like it so much.

even tho im on a fast connection it still took some time to load
 was there not some sort of rule to the size of siggys and there .gifs

i remember somebody having to remove thier matrix .gifs becuase of thier size..
