We all know that it is a sin for a Taliban male to see any woman other than his wife naked, and that he must commit suicide if he does, So this Saturday at 4:00 PM Eastern time all American women are asked to walk out of their house completely naked to help weed out any neighborhood terrorists. Circling your block for one hour is recommended for this antiterrorist effort. All men are to position themselves in lawn chairs in front of their house to prove they are not Taliban, and to demonstrate that they think its okay to see nude women other than their wife and to show support for all American women. And since the Taliban also does not approve of alcohol, a cold six-pack at your side is further proof of your anti-Taliban sentiment. The American Government appreciates your efforts to root out terrorists and applauds your participation in this antiterrorist activity.

This is the type of stuff that makes me hate being in Michigan. No chicks would do it, but damn their nipples would be hard.

SuperFlyingEngiYou're confusing Muslim with Terrorist, glyde.

I read it three times, and I see no mention of "Muslim" anywhere... I do however see "Taliban".. you know, those terrorist government dudes we fought in Afghanistan?

if you're going to just arbitrarily change words to make your point, you might as well tell him he's confusing Christians with Terrorists, they don't typically believe in looking at other naked women either; or, I'm sure you could [insert here] with pretty much any "religion". Just remember, it then becomes your point, not his.

The subtleties of the English language are almost entirely lost on you people...

It's against Muslim holy law for men to see naked women and all that stuff, not Taliban law.

Of course the fact that it references the Muslim religion has nothing to do with the fact that the Taliban are members of the Muslim religion....

Edit: Does this mean I can claim that anyone who insults me is really only attacking my Religion?
