Looks interesting, good idea for target practice.

I think that's kinda cool how in that one pic they're jumping off of the cliff. Very dramatic.

I played this map and it is ok. The layout is nice for a simple map like this. It would be better in my oppinion if it were NOD officers and soldiers and even SBH. But its your map. Nice job.

Reminds me of Day of the Dead or whatever that zombie movie was where the people were in a bunker fighting against the undead

Sorry doesn´t work. The %20% is deleted in the adress, but it doesn´t work again. All I
downloaded was this (both ZIPs corrupt). Have you got a traffic limit reached?

Suggestion: Upload the map here and post the downloadlink then:
