This is complete bullshit , Now his name is reborn sucks? Who allowed this? How far is this going to go?

It's not as much of the name but as much as the admins actually changing it. It's pretty much clear that we have little to no support over here.

Another thing , It's absolutely Hilarious how on the forums over at renalert it states at the top of the modification upates:

Quote:FORUM RULES

Rules are as follows:

A: Saying you dislike something without saying why or giving a suggestion to improve is not tolerated.

B: Be thoughtful in your replies. We work hard and expect little in return except a bit of respect for our sanity.

C: Do not take threads off topic, that is what the general discussion and off topic sections are for.

Failure to abide by these rules will result in the offending post being deleted.

Look at that , He obviously doesn't want what he does to us , done to him. It's perfectly fine for him to do it to us though.

If an Admin wouldn't mind , I would like my name changed to Aircraftkiller.

Reborn sucks becuae it has so many glitches that go unfixed. It seems like retardin is to worried about how good his models look(which aren't that great by any stretch of the immagination.) before he works on his coding and checking the level for problems.

Glitches will get fixed with patches, I imagine that it just came out recently, and it's alot better then you could probably do.

Think before ya open your trap mate, Renardin doesn't code, he's a skinner, Jonwil and TheKGBspy are responsible for the scripts in the new Reborn release, and if you do think that his skinning is bad, would you not be more specific, cause I'm inclined to disagree, unlike that dickhead ACK. Once all the scripting, modelling, skinning and mapping is done, then we can check the levels for glitches etc.

SuperMidgetI imagine that it just came out recently, and it's a lot better than you could probably do. Wrong! Granted the old version which has virtually no original team members came out over a year ago. However, they haven't exactly improved all that much from what I can see. Retardin will never improve on his work if he doesn't take criticism well which he has yet to do. With members like this leading the mod, I can't exactly imagine the mod being anywhere near decent. For the "it's better than you can do" comment, it's way overplayed and pointless. So what if he couldn't do it? Does that automatically mean he isn't entitled to his opinion? If a company came out with a shitty game, and just because we don't have the skills to do any better does it automatically mean that it's acceptable? If you said yes to any of these questions, you're a fucking retard. It's people like you who make it perfectly acceptable for people to do halfassed jobs. Congratulations, you're corrupting society even more than it already is. Let me ask you this, would you want to drive a car

where the workers/machines only were made to do a half-assed job where the bolts weren't tight, welds weren't strong, and the seals weren't sealed correctly?

We need a PHPBB mod that allows you to put people on a "Fucktard List", so whenever you see a post by the person, it has in large text above their message "WARNING: IDIOCY DETECTED. Reborn Sucks, we all know this, I do not believe there is one single person who doesn't know this as some sort of twisted fact already.

But it's like one of those bad fucking knock knock jokes that you laugh at the first time out of pity for the person who makes it since it's such an obviously fucking lame joke and by the tenth time he uses the same joke you'd like nothing more than the bash his head in.

In the C&C community, Renegade Alert (or RA:APB) is the dominant modification, the alpha male, the head honcho...

Aircraftkiller, or as you're now known Reborn Sucks, you are slowly and surely securing your position all over this community (soon enough the Source community once you actually start cracking out some work that gets noticed there) as 'That Guy'.

<http://www.urbandictionary.com/define.php?term=that+guy&r=f> There's a whole bunch of definitions for 'That Guy' right over there, and sadly enough you're starting to fill everyone of them.

This isn't because I care about Reborn or any such bullshit, it's because you're simply starting to annoy me like one of those brats who keeps whining about not having enough candy and I'd just love to gag the little bitch and tell him to stop whining or I'll take all of his candy.

If you had stopped like half an year ago with this fucking ridiculous bullshit, you would have stopped while you were on top, but from there on you've just been going downhill so fucking fast that when you reached the bottom it was a straight fucking drop and you just kept on going down.

It's not funny, it's old, you're being a FUCKING ASSHOLE about it.

See? You said it on the Renevo forums, that people should stop pussyfooting around you and just straight out tell you when you're being a nuisance or an asshole.

So in keeping to style, I am going to tell it to you in big fuckin' multicoloured letters.

YOU ARE BEING A FUCKING ANNOYING ASSHOLE WITH THE REBORN BULLSHIT.

I don't know why but the word bullshit in pink just loses like 50% of its effectiveness.

So you're telling me that I should expect everyone to act the same way everywhere, or that I should act the same way all the time because my forum rules were written up just for my forum?

I suppose it is hilarious that you really believe I should do so.

You make those rules... Although you don't follow them. (FYI yes I know that this is a different forum) That's slightly hypocritical.

The only other possible point that I can see you trying to make is that now that your name is "Reborn Sucks" ACK is no longer an incorrect acronym for Aircraftkiller especially because you are no longer using that nickname on these forums. If that's your point, then it's still lame as hell because you still know damn well who the fuck he's talking about.

Reborn SucksWell, if I explained it, then someone will catch on and I won't have any more amusement in this particular area with the forum. But most people that respond to me are dumb as hell so it probably wouldn't matter anyway.

No, you just don't want to explain it because you'd be shown to be an immature little child who only wants things his way, and if he can't get it, he'll bitch and call others names until he get his way. Oh, and before you ask about who I'm talking about, yes, I'm talking about YOU "Reborn Sucks".

Though Reborn Sucks (Aircraftkiller) needs absolutely no help / support from me ... I find it completely amazing that Reborn Sucks has so many servants. A single word from this amazing man has awesome affects and he even knows what some will write as a response. He's right! I dunno who invented this "Reborn sucks" phrase, but the only partially positive thing that can come out of it is you're more likely to find the Reborn everybody's bashing on Google by entering the query, "Reborn sucks" than just "Reborn".

Guess that means Reborn is more renowned as a sucky mod than Reborn.
