Hello, My name is Jay and I am a Huge trekkie here I am so sad about the demise of the show it makes me more upset that it has become controversial but I think you can start to look back and see what made the show special to begin with from now on. Has anyone checked out this site [upn.com/shows/enterprise/fan\\_favorites/](http://upn.com/shows/enterprise/fan_favorites/) You can win stuff if you enter right away too. What is your fave show?

To answer your question in the topic: "Sucks."

As for my favorite TV show it'd have to be Family Guy.

Isn't Star Trek older than Star Wars?

FYI - I don't watch and will never watch any Sci-Fi movies of this sort. IMO they are boring as hell.

Personally I didn't enjoy Enterprise and didn't watch it as much. I prefer the older ones.

Star Trek, a copy of Shit Wars? Ooookay, nevermind the fact that Star Trek came out way before Lucas even had the drunken gleam in his eye that was to become Star Wars.

Nevermind the fact that Star Trek is based on peaceful exploration of our galaxy and furthering the evolution of mankind as a whole with other races in an attempt to show what the future might be like.

Nevermind the fact that Star Trek has about as much similarity to Shit Wars as Red Alert has to Red Alert 2.

Oh, and the whole problem that Star Trek was developed and produced long before Star Wars as I said earlier.

AircraftkillerOh, and the whole problem that Star Trek was developed and produced long before Star Wars as I said earlier.

I think that I read one time that Lucas once got the idea for Star Wars from a Japanese legend or something, although I could be mistaken...

I'm curious, when was the first Star Trek made?

Quote:Star Trek, original air date: Sept. 1966

Yeah, it propably was so. But those were Star Trek TV series release date. And those TV series were a bit different than Star Trek movies are today. And I liked more those old good TV series than new Star Trek movies.
