j4S[p], google isn't returning any results for that.

nopic, are they the crates featured in Dragonade or the SSAOW crates?

As far as I know the only server with this is BC servers, if they are running it that is, which i don't think they are, you could run dragonade instead of 1.3 with the ctf mod, that would give you crates... but you will find support, updates and backup very slim...
