It looks good but I've never found much fun in MMORPG games. The new gameplay mechanics look neat. I'll probably check it out , After I finish playing God of War.

Played in all the beta weekends + WPE with my Guild AFF

The game is great, i would recommend it to anyone who likes a bit of adventure. Guild Wars is not an MMORPG, though it carries many traits of one. For a start theres No monthly fee.

Check it out

ya it looks to be geared like the Diablo games so if you liked those games you should check this one out.

No need to cut me slack kiddo! I cut thru Renegade like a freak show & take no names...:SickO rubs his fingers from arthritis::

Ya, the GuildWars is something totally different & they are saying it's very addictive play...That's why I'm holding out on it Last thing I need is another crack-pipe game to get hooked on...

My clan has already got a massive section for Guild Wars and the game is not out yet. I think everyone will be there this weekend for the beta weekend.

Been playing since the E3 last year, very exciting game, I highly recommend it to anyone, even those who don't like RPGish games.
