Even though I don't know you so I can't be sure if this is sincere, if it is I applaud you. It takes balls to confront everyone and admit to previous mistakes. I'm glad you were able to "see the light."

He's been here for like three or two months trying to convince us he isn't taslayer AND he tried to bypass RenGuard.

I admit it takes balls to come out and say that, so I do forgive him to an extent but not tottally.

That is a retarded thing to say.

GASP

You don't say?!?!?!?!?

While you can apologize all you want, there will never be a guarantee that you won't try to cheat again. If you want to be unbanned from stuff, work your way out of your hole and earn trust back.

Funny thing is, nopic, we never believed you to be your "brother". We knew it was you. There was little doubt in our minds. It does take guts to admit your wrongdoing.

Even though it takes some serious balls to admit something like that, it'll take some serious effort on your part to convince everyone else that you actually mean what you say. Right now, there's absolutely not a single shred of proof to support your side of things. If people don't trust you...well, tough cookies, you brought it on yourself.

I probably would of but you spelled it "4give" instead of forgive.
