Hey dudes- We've decided that we like ADM's design best - below is a sample w/ some mild edits by me. I still need to get some additional pics to add but I think we are going with this design. I would like to thank everyone who submitted their work -all were great!

Also, here's a 90% complete song edit for your enjoyment - "Ain't going back"

Any comments or criticisms on the song are welcome & encouraged. Thanks again. -Pat
