Hi all

i have a problem wen a host a game i setup for several players and during the game no problems
but wen it ends and change to new map all players lost connection with the host and i get in
screen -requesting laddered game approval- and lost connection with cable.I disconnected my
router so only straight on the cable but it dasnt work.

And i am not playing dedicated server.

Hope someone can help cya

SK and I recently discovered that ladder data is not sent unless the server is a ded, so you're out
of luck anyway
