Your playing in training mode, and most of they're health was all the way down basicly, you shot in body not head to kill them , you suck.

Me to.

Whats more, you got your ass kicked by a RIFLEMAN when you were a SNIPER. Idiot. Learn to use the strafe. If i could, i would show you a movie of me killing the base in about under 6 minutes with nothing but infantry and good timing.

()Oh, and is that blood a skin, or just the Ren details all the way up?()
