I've always wished my girlfriend had more of that "The page you are requesting cannot be found" look, to be honest.

If your girlfriend ever saw this thread (ESPECIALLY since you posted a broken link to begin with, idiot) she would dump you immediately after seeing how shallow and inconsiderate you are for people's privacy.

I hope, when he fixes it, his girlfriend breaks up with him because of his stupidity of posting her here. I mean, come on. Who cares you have a new something called "gf"?

Hey look at my Girlfriend!

Joke over.

We know you don't have a girlfriend, even if you did we wouldn't care.

And like said above you should respect people's privacy.

You are seriously an idiot, not only is it an invasion of your so called "girlfriend's" privacy, but its shallow and very immature. Why are you trying to show us your girlfriend? IF you have a girlfriend and you say she is that good, what are you doing wasting your time here, you should be with her.

If you really wanna show off your "girlfriend" to the internet, go to non00bs.com or something. They'll give you the praise you seem to want so bad... Only about 6 of them are older than 15.

She's still cheating on you, with that.. girl. Bandie63, I agree, he's full of shit and I don't know where it comes from. Probably because he spends to much time playing in the garbage and shit. We should wash his mouth with soap! <insert powerful soap here>
