Good grammer and plain english would help us all understand what you are saying. The only thing I got out of that sentence was "My clan provided a blah blah blah blah blah blah blah blah blah."

Could you explain again what you are asking? Or trying to say?

German is a language I have always liked...dunno why. Also English is the hardest language to learn. So TGPaddy hang in there.

Translation:
Deutscher ist eine Sprache, die ich immer... gemocht habedunno warum. Auch Englisch ist die härteste Sprache, zum zu erlernen. So TGPaddy Fall innen dort.

ROFL, I must reply to this...

Dead Dave wrote on Mon, 22 August 2005 17:05German is a language I have always liked...dunno why. Also English is the hardest language to learn.No, English is way easier than German trust me. Our Language is really difficult. For example, we use ß, ä, ö and ü (in german= Über Mappack, not Uber Mappack), we have a slightly changed Keyboard Layout and such little things which make Brains burning.

BTW, dunno isn't dunno. Translation -see the words here
I don't know
Ich weiß nicht (1:1 translation would be I know don't)

You see, the position of the verbs, adjectives etc is not the same like in English. Ma1kel wrote on Mon, 22 August 2005 23:47schließen Sie das Bumsen, Babelfish besitzt Sie.WTF? *g* The german word BUMSEN means in our language "to have Sex" !

We can open a german Thread so you all can learn it.
Greetings from Germany

Theres nothing to install all the sound files are in the always.dat file, all you do is use fdstalk.dll and an irc script to react on text from brenbot or NR or w/e and send an FDS msg...
