i was playing renegade suddenly my game crashed.
so i restarted renegade and renguard
when i tryed to start renguard i was not able anymore to connect to it.
the only thing i get is

trying to connect to server #1 failed
trying to connect to server #2 failed
trying to connect to server #3 failed
trying to connect to server #4 failed
trying to connect to server #5 failed

and this goes on and on :S

so i reinstalled renguard and tryed it again it stil does not work i still get the same :S
