Is there a list of renegade players witch shows your rank/kills/deaths/points ?

Can I change the skirmish level witch comes with renegade to another map like Walls, Metro or other maps?

LOL! Sorry that was funny, but there is no need to rename ANYTHING at all.

CivixX, there is a tool that allows you to search up your rank/kills/deaths/etc I will post a link to it when I can ffind it again. As for the skirmish map question, here is what you need to do:

  * Go to your Renegade data directory, which is by default "c:\westwood\renegade\data".
  * Open the file "svrcfg_skirmish.ini" with a text editor.
  * At the end of the contents, add the following lines:

      MapName00=C&C_Under.mix
      MapName01=C&C_Volcano.mix
      MapName02=C&C_Canyon.mix
      MapName03=C&C_Hourglass.mix

MapName04=C&C_Mesa.mix
MapName05=C&C_Islands.mix
MapName06=C&C_Field.mix
MapName07=C&C_Walls.mix
MapName08=C&C_City.mix
MapName09=C&C_Complex.mix

   * Save and backup the original file if necessary. The map in Multiplayer Practice mode should now cycle through all the available maps.

There is a tutorial for you from http://planetcnc.com.

You may also want to download an edited version of the "svrcfg_skirmish.ini" file by clicking here.
