There's been a hate thread, I'd like to see who hold the most respect from the most amount of people.

(In order of respect amount)

-Crimson + Blazer: Obvious reasons; forums, BHS, Renguard etc.

-Nukelt: Very intellectually gifted, in his posts anyways, I like reading his controversial topics and posts.

-SEAL + MrPirate: Recently discovered that they smoke chronic (lol) which is always a plus in my book, and they both put up a good fight when their ideas are challenged.

-Spoony, for his insightful tactics, but lately he hasn't made any new ones. GET TO WORK

-I'd like to say ACK, but he took that 'skins' things waaaaay too far for me.

AircraftKiller: He knows what he's talking about almost all the time, and is rarely seen here anymore.

DJM: DJM is kind of a smartass, but he's pretty cool.

J Ball: See "DJM", plus Kings Throne.

deadfive: I may dislike him, but I still respect him. I remember when he did practically nothing but spam. I've seen him turn around, so he gained my respect.

Blazer & Crimson: Take a guess.

Rest of BHS: Take a guess.

Warranto: He can defend himself in an argument very well, and knows what he's talking about 80% of the time.

Spoony: He's a never ending pool of Renegade Tactics, this one. Plus he carries himself highly, and can defend himself in an argument, and turn it around against his opponate.

List is longer, but I'll save y'all the hassle of reading it.

Blazer and Crimson: although I dont know them, I respect what they are doing for the ren community, for it's players and the irc and forums they host.

Anyone who is involved with Renguard: you make my admin life easier

RenX: He is neutral and always nice

Dante: He seems very sensible. Especially in the things i've seen him post.

J_ball: the only person on the planet who can PMS more than me...and I love to fight with him!

AirCraftKiller: coz he is just freakin crazy!

Ice: from IRC. If you don't love Alicia you should be shot! she's nice!

Silent_kane and DJlaptop: for playing nice with me in NS ren servers

I've always been a big fan of RenX. He's never an asshole, and he won't drill you into the ground if he thinks you're wrong about something. Also, DJLaptop is my hero. He's really easy-going, he's always got the music hookup, and he just doesn't get pissed about the little things. Oh, and also, Hossineffa, AKA Hoss8914. Most of you probably don't know him, but he reads a lot of forums and plays a good bit of Renegade. He'll listen to you bitch about your shit all day long without trying to change the subject or tell you that you suck at life and should just give up, and he's always really relaxed. I can't imagine him getting angry or being in a serious argument.

something along the lines of Strike team wouldn't want to be a part of our community because people flame each other here....but, wait a sec, they are going to host this community (being Ren) soon and news flash, everyone in Ren has, does or will flame someone else at some point in time so your theory is flawed...

despite popular belief here, typing poorly does not mean one is bad at a game. In fact, it's completely ironic that you even call anyone a n00b at all, AAdude.

n00bish implying one is bad at a game. There is no such thing as "n00bish" writing. one would think that if you called a writing n00bish anyhow, that only "n00bs" would write it. n00bs meaning....tada, people who are bad at a game but have played it for a long time/ newbs meaning people who are new to the game.

ps if you seriously thought there is n00bish writing it only backs up my statement about your statement being ironic

there are TWO places where short hand, (or whatever you want to call it) are acceptable.

Stating "hon under attack" "WF NOW", etc. is fine in the game, as you are under the restraint of time.

Stating "@50 KPH U R 2 CLOSE" on the bumper of a bus (real sign) is fine, as you are restricted in space.

Basically, it is acceptable if you are restricted in time or space. Keep in mind "restricted in time" does not apply to a forum, as you can type what you want to say at a later date, but having 3 APC's rushing into your base doesn't allow for that.

This is it! No one can expect being respected/recommended by others for just hanging around on some forums. I for myself respect/recommend no one around me, except a few=

BHS (the unofficial leaders of Renegade)
Nightma12 (finally an Alternative to BrenBot)
Vloktboky (the greatest coder ever in Rene)
Alkaline (for running the pure Fanmap Server)
a few mappers (Note: a few -not all)
Zunnie (for publishing the official Brenbot/IRC Tutorial and the easiest Snipermod ever)
Läubi (for renhelp.co.uk)
Those who have great knowledge in tactics/strategics

These are a few people who are honored for doing things to push Renegade forward and keep it alive. I must add MAC from BHS for hanging around on the german Board cncforen.de. He knows that not everyone from the german speaking Rene community knows renforums.com or just can't read/speak english right.

I do not know you all... So first move: Respect.

The only person I really don't like is ack. For the rest, I don't hold any grudge against you.

It's just the internet, I am sure nobody is bad there. Even ack is not a bad guy. But I don't like him for some reasons you all know, that's it.
