Isnt nans3000 the same guy from the other topic?
hmmmmm interesting.....

Your ip range/isp matches the one from the user we caught trying to bypass RenGuard

not neccersarily....

so many people have got banned coz of nans3000.....

BBFMark has not used the same IP on WOL as nans3000. Perhaps your RenGuard logs show differently?

I have removed the ban for nans3000 and replaced it with a hopefully more stricter ban for this individual.. all the innocent users should be able to use it again
