do you want to game on the old wol servers?
download the atached file.
open it
push the bottom
SET [xwis]
start you renegade
and you get back the server list.
more info
http://xwis.net

** Please don't post an .EXE here. It's safer to provide the link to download it specifically from
XWIS.net. -Crimson

Dude, we already know this but the problem is it doesn't work when you connect to a server. This
is where they had this fix for? But it's not finished yet.

sorry for posting.
i was a little to happy to get back on wol
but need to wait a little longer i think
